

New York Quarantine Station

Jurisdiction

The jurisdiction of the New York Quarantine Station includes all ports in New York, Connecticut, and Vermont. This jurisdiction also includes the preclearance ports of Montreal and Bermuda, as well as Shannon and Dublin, Ireland.

Activities

- Respond to reports of illness on airplanes, maritime vessels (cruise and cargo), and at land border crossings.
- Partner with other federal agencies and local and state health departments in preparedness activities related to quarantine and isolation at ports of entry.
- Collaborate on binational border projects.
- Coordinate binational case detection, notification, and investigation with state and local health departments and border protection agencies.
- Collect medical information from immigrants, refugees, asylees, and parolees, and notify state and local health departments.
- Conduct public health research.
- Monitor importations that may have pathogens infectious to humans.
- Participate in CDC's Division of Global Migration and Quarantine, Quarantine and Border Health Services Branch:
 - ♦ Great Lakes Border Conference
 - ♦ U.S. Customs, Border and Protection tabletop exercises
 - ♦ Land Border Team
 - ♦ Policy and Preparedness Team
 - ♦ Maritime Team
 - ♦ Alien Processing Team
